

QUALITY • PRIDE • COMMITMENT • SERVICE

Incorporated in 1956, Mulholland Audio/Video is a family owned and operated business. We design, sell and install custom business and residential audio/video systems; i.e., home theaters, media rooms, whole hose audio. We also can provide your business with the latest technology in board and conference rooms, media rooms, music and security cameras.

Our technicians are manufacturer trained. They have met stringent requirements in area of equipment, knowledge, training and experience. We are fully licensed in Rhode Island and Massachusetts.

Mulholland Audio/Video has the facilities to work with your architect, designer or builder, providing them with detailed blueprints that incorporate our equipment into your plans. This service also gives the client a permanent record of wiring.

We pride ourselves on being a full-service professional company. Our commitment to our clients does not end with the initial purchase and installation – our technicians are available for orientation, questions and advice.

Our in-store media room can allow you to experience the enjoyment of those products available to you.

SECURITY CAMERAS

Security cameras are fast becoming an important necessity to businesses every day. Whether being used for monitoring employee productivity, customer activity, preventing theft or reviewing past incidents, cameras are a valuable solution.

However, a security camera system is only as good as the system design. Proper design is more important than ever with systems featuring night-vision cameras, remote viewing and large storage DVR hard-drives. Mulholland Audio/Video can design, provide and install a security camera system customized to your needs.
